Case History

Customer: MDOT

Project: Walkway Under Overpass, Clinton River

General Contractor: Aanlon Corporation

Location: M-59 near Crescent Lake Rd, Waterford

Engineer: Johnson – Anderson, Waterford, Michigan

Chance Contractor: AnchorTech Foundation Systems, Inc.

Project Description: a crosswalk was needed to get pedestrians and bicycles across the highway. It was decided to install a 10 foot concrete walkway supported on steel frame supported by Helical Piers. The water was 3 feet deep at the time of the job.

Material Used: AnchorTech installed 45 Chance H.S. (Hollow Shaft) 3-1/2" Helical Piers with an average depth of 27 feet. The helical configuration was 8", 10", 12". The project was completed in 3 days.
