## Case History

**Customer:** MDOT

**Project:** Grand Traverse Wheelway – Bicycle Path / Boardwalk

**General Contractor:** Prince Bridge and Marine

**Location:** U.S. 131, 7 miles east of Charlevoix

**Engineer:** Northwest Design Group- Petoskey, Michigan

**Chance Contractor:** AnchorTech Foundation Systems, Inc.

**Project Description:** The main project was a bituminous bike path that starts in Harbor Springs, south through Petoskey and into Charlevoix along the Lake Michigan Shoreline / Little Traverse Bay. Chance Helical Anchors were used to support approximately 1 mile of the path through a heavily wooded swamp.

**Material Used:** AnchorTech installed approximately 900 SS-5 Helical Piers with an average depth of 21 feet. The helical configuration was 8", 10". The project was completed in 6 weeks.
